

# kerbs & edging

## The complementary edging range

Choose from our wide range of decorative and edging products to add the finishing touch to any of our ranges of paving blocks or flags.

Edges can be softened by planting close to the path verge and allowing the planting to flow naturally over the edges onto the pavement. Paving blocks can be haunched underneath in concrete, allowing grass or planting to grow up to the paving edge.

Tobermore have a full range of kerbs, garden edging and water channels suitable for both heavy and light duty applications.

pietra granite kerb

Pietra Granite Kerbs are hand dressed with a subtle colour that blends well with all of the Pietra paving products. See pages 32-41 for further details.

SIZE (MM) / DESCRIPTION
250 x 125 x 915
190 x 160 x 100

celtic kerb

Celtic Kerb comes in three block sizes (not sold individually). It is immediately distinctive with its aged, weathered appearance and is available in two colours, Bracken and Natural.

SIZE (MM) / DESCRIPTION
270 x 140 x 150
300 x 150 x 140
330 x 150 x 140

country kerb

Country Kerbs have an exposed granular surface, emulating the unique aged appearance of traditional granite kerbs, while maintaining the benefits of modern concrete kerbing. These are available in Granite and Standard finish.

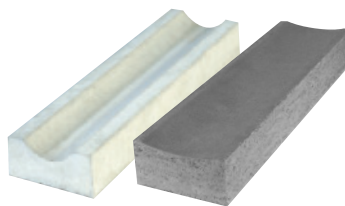

SIZE (MM) / DESCRIPTION
250 x 125 x 915

half batter

Kerbs are available in a traditional half batter finish and are suitable for driveways or other heavy duty applications.

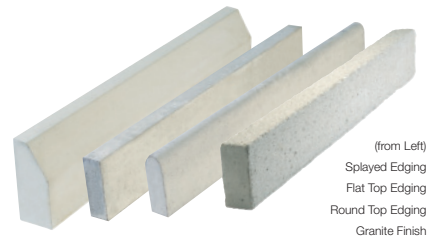

SIZE (MM) / DESCRIPTION
200 x 100 x 915
250 x 125 x 915

water channels

Water Channels allow drainage from the driveway or patio.

SIZE (MM) / DESCRIPTION
150 x 75 x 600
250 x 125 x 915

garden edging

Garden Edges are an effective edging for paths and patios and are available in either Splayed, Flat Top or Round Top.

SIZE (MM) / DESCRIPTION
