Mayfair Setts are the ideal product for bordering any of the Tobermore paving products. They blend perfectly with rumbled products such as Tegula and Retro but also provide the essential contrast to the modern finishes of Sienna or Shannon. Mayfair Setts can also be used independently and can recreate the old cobbled effect of yesteryear.

Classical fantail and circular patterns can open up a whole new world of ideas for the creative designer with specially shaped blocks enabling the creation of accurate circular patterns and effects.

Mayfair Circular System

Mayfair Circular is a specially designed system for easy creation of circular patterns. See page 41 for laying guidelines.
