

pietra

granite step units

Pietra Granite Step Units allow you to create steps and ramps of any width or height. The steps have a bullnosed edge which softens the look and feel of this very hardwearing stone.

Clever use of the curved corners and variations in levels can add a touch of elegance to any doorway.

Examples A-D below demonstrate 4 typical step designs which can be created from the step units available.

1no Pietra Step Large Tread Silver;
4no Pietra Step Riser Silver

EXAMPLE A

1no Pietra Step Large Tread Silver;
10no Pietra Step Riser Silver;
