

tegula circular

Tegula Circular complements and adds that special feature to the overall paved area. Tegula Circular blends with all the ranges of Tobermore paving products including Tegula, Shannon, Retro and Sienna.

Each Tegula Circular pack allows you to create a 1.5m diameter circle. The diameter of these circles can then be further extended using the versatile Tegula Sett blocks, therefore not limiting you to any given size.

Further Tegula Circular information is included on page 74. Detailed laying instructions are included in each pack.
